

Hands-free Bin Unit

key Product benefits

- ① Auto door opening
- ② Bag change indicator
- ③ Eco waste compaction
- ④ Liquid waste recycled
- ⑤ Auto waste sterilization activated on door closing

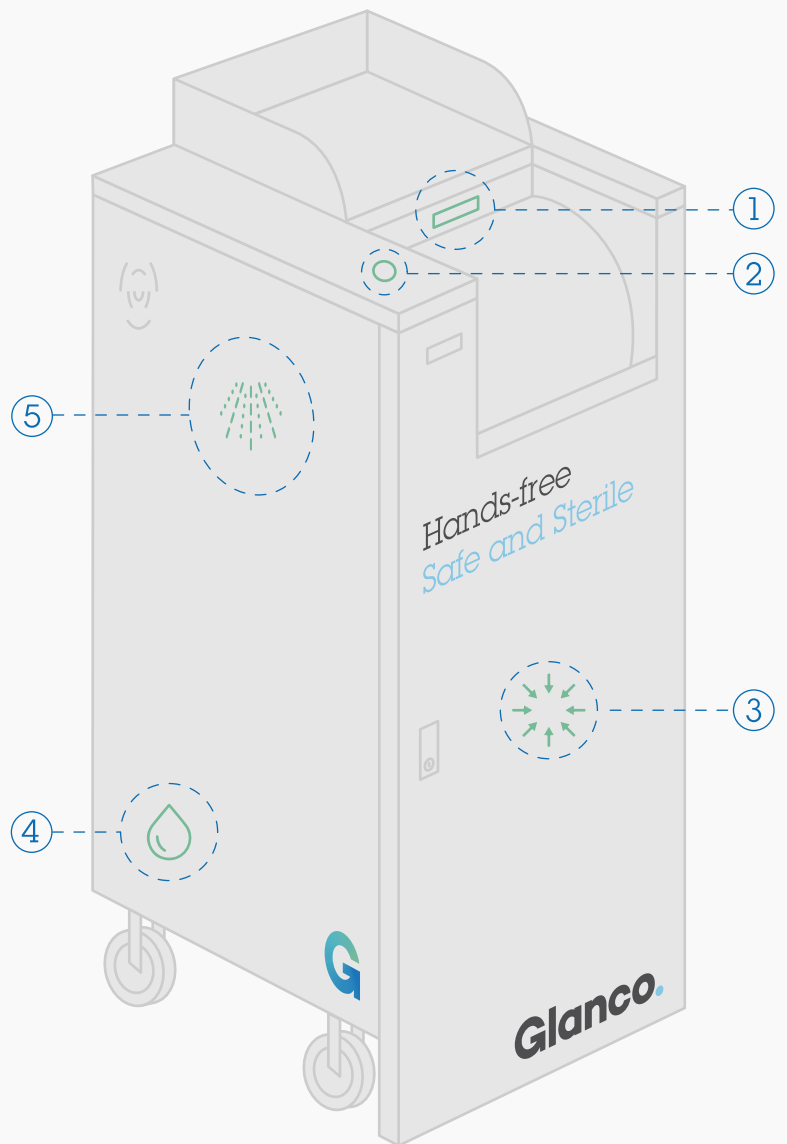

key Attributes

Compaction Capacity up to 90%

Storage: Solids 80L bag | Liquid 10L

Width: 550mm Depth: 665mm

Height: 1276mm Weight: 210kg

Waste recovery suitable for composting or refuse derived fuel

Liquid container 10lt

Waste compaction container 80lt

80% waste volume reduction at back door

80% reduction of lobby bin emptying
